

# TURN UP

The wheels are turning, the chains are creaking; energy is translated into toil. It's a never ending cooperation, production and inspection with dynamic in the finest detail. Fighting against the elements, in extreme concentration striving for the required perfection. Turn Up is a non spoken performance with various scenes, movements and effects. In a setting of tackles, winches, wheels, cables and pulleys, hard working men are busy doing their jobs. They symbolise labour, power, joy and cooperation in a comic way. These good old days...
