

### F.I.S.H.

These huge fishes are man-powered by wheels, chains, gears and a lot of fantasy. Half fish and half machine. They might have popped out of Jules Verne's universe at that time. With great humour, these three colourful fishes are led by the tough Captain, the punctual Cartographer and that jolly Chef. Go with their flow and enjoy this potpourri of new grown reality.

#### Technical details:

Team: 3 actors

Equipment : 3 big fishes on wheels

- preparation 1,5 tot 2 hours before start
