

Hippocampus (Seahorses on Segways)

Mutiny on the continent. While riding their seahorse two gladiators will clash like they were Neptune, Spartacus or Ben-Hur! These blood brothers are floating restless oceans. Lances and swords will be crossed. In primitive terms they drivel nonsense and surreal one-liners. It's a nimble walk act with funny ideas, fancy utensils and legendary figures on an expedition through the modern world.

Technical details:

- preparation 1,5 uur before start
- performance +/- 4 x 30 minutes in between 4 hours

- *minimal measurements for a lift 1,95 x 0,80 meter (please contact us when doubting)*
